Althaea coelestis

This is an outstanding newer form of single Althaea. The flower is blue slightly on to the lavender shade. The creamy yellow stamen contrasts pleasingly with the deep maroon eye.

Successful Fall Planting
of NURSERY STOCK at
REASONABLE PRICES

NEW AND UNUSUAL BARBERRIES

BERBERIS mentorensis (Plant Patent No. 99) is a brand new variety of strong, rugged upright growth, forming a perfect hedge much quicker and infinitely more beautiful than Japanese Barberry. Its ability to withstand heat and drought alone strongly recommend its extensive use. During the hottest weather there is never a sign of wilting or burning and its foliage is just as dark a green as Japanese Yew, it will hold its foliage until midwinter and in protected places is almost evergreen.

Korean Barberry

Sixth—Is not "choosy" about where it grows. No matter if you can't make other broad-leaf evergreens, such as Azaleas and Rhododendrons, thrive in your soil, this new Barberry will. It is equally at home whether it is acid or alkaline soil.

We have an excellent stock and offer this outstanding Barberry as follows:

- 15-18 in. plants..... 3 for \$1.50, 12 for \$ 4.50, 100 for \$30.00
- 18-24 in. plants..... 3 for 2.00, 12 for 6.00, 100 for 40.00
- 2-3 ft. heavy plants..... 3 for 3.00, 12 for 10.00

Six Reasons Why You Should Use Berberis Mentorensis:

- First—It is evergreen practically the year around. Think what that means.
- Second—When used for a hedge, its thorny, strong growth forms a formidable barrier to man or beast.
- Third—Its sturdy, erect growth carries a thick dark green foliage right down to the ground. It is never bare-legged.
- Fourth—Needs no pruning. It is of erect growth which becomes dense when the plant is three or four years old. No upkeep! No pruning!
- Fifth—Combined in a foundation planting with evergreens, it provides a beautiful and artistic contrast at very small expense and without elaborate preparation of soil.

Berberis Mentorensis

BERBERIS koreana (Korean Barberry). A new hardy species from Korea—Large blotched leaves and upright uniform growth. Gorgeous Fall coloring of most brilliant scarlet. Large clusters of red berries. 15-18 in. plants, 40c each, \$35.00 per 100.

BUDDLEIA

BUDDLEIA CHARMING (New)

A new shrub bearing throughout the late Summer and Autumn elegant long sprays covered with lovely lavender-pink blooms which, compared with other Buddleias introduced up to date, are distinctly pink. It received a silver medal from the Pennsylvania Horticultural Society. Like other Buddleias, this new variety attracts a great many colorful butterflies—a feature which accounts for the popular name of this showy, hardy shrub. Charming gives a wonderful effect in the garden and has exceptional value for house decoration.

Heavy plants grown in pots, \$1.00 each

BUDDLEIA ILE DE FRANCE

The most prolific butterfly bush. Large flowers of deep purple. Much improved over old-fashioned Buddleias. Growth is neat and of medium size.

Tenella Alba Pumilus Verigata
Hypnoides, Dwarf Heather

TAXUS Yew

The Yews are very desirable evergreens, densely clothed with dark green foliage. They thrive best in a moderately moist, sandy loam and endure shade well.

TAXUS canadensis stricta (Dwarf Hedge Yew). This dwarf, compact bush form is the only absolutely hardy substitute for Boxwood. Withstands clipping well and is an ideal pygmy edging plant for the perennial garden. Bears red berries and is hardy as far north as northern Vermont. Enjoy its luxurious foliage secure in the knowledge that it will not winterkill.

6-8 in. plants, 10 plants for \$4.50, per 100 \$10.00

10-12 in. plants, Each \$1.25, per 10 \$10.00

BACCATA repandens. This dwarf spreading form, with its beautiful foliage and graceful drooping branches is unique.

- 15-18 in. plants, broad..... \$2.00 each
- 18-24 in. plants, broad..... 3.00 each

CUSPIDATA (Japanese Yew). Dense, spreading habit. Deep green foliage. Especially useful near the house. Very hardy.

- 12-15 in. spread..... \$1.25 each
- 15-18 in. spread..... 1.75 each
- 18-24 in. spread..... 2.50 each
- 2-2 1/2 ft. spread..... 4.00 each
- 2 1/2-3 ft. spread..... 5.00 each
- 3-3 1/2 ft. spread..... 8.00 each
- 4-1 specimens..... 12.00 each

CUSPIDATA brevifolia. Dwarf, compact, very hardy.

- 12-15 in. plants..... \$2.00 each
- 15-18 in. plants..... 2.75 each
- 18-24 in. plants..... 4.00 each
- 2-2 1/2 ft. plants..... 6.00 each
- 2 1/2-3 ft. plants..... 9.00 each
- 2 1/2-3 ft. plants..... 12.00 each
- Larger specimens, \$15.00 to \$25.00

CUSPIDATA capitata (Upright Japanese Yew). Upright tree form of T. cuspidata. Very desirable for foundation planting. Best of evergreen hedges.

- 18-24 in. plants..... \$2.00 each
- 2-2 1/2 ft. plants..... 2.75 each
- 2 1/2-3 ft. plants..... 4.00 each
- 3-3 1/2 ft. plants..... 7.00 each
- 3 1/2-4 ft. plants..... 9.00 each
- 4-1 1/2 ft. plants..... 11.00 each
- 4 1/2-5 ft. plants..... 12.00 each
- 5-6 ft. plants..... \$15.00-\$20.00

Stock unusually heavy. Large specimens. Special quotation on quantities for hedges.

HATFIELD (New). Finest upright Yew. Holds its form almost without trimming.

- 18-24 in. plants..... \$3.50 each
- 2 1/2-3 ft. plants..... 7.00 each
- 3-3 1/2 ft. plants..... 10.00 each

HICKSI (Hicks Yew). Interesting form of this most useful family. Exceptionally dark green needles. Grows in an upright columnar shape.

- 2-2 1/2 ft. plants..... \$3.50 each
- 2 1/2-3 ft. plants..... 5.00 each
- 3-4 ft. plants..... 6.50 each
- 4-4 1/2 ft. plants..... 9.00 each

HUNNEWELLIANA (Hunnewell Yew). Somewhat similar to Japanese Yew except or a more uniform, perfect vase shape. Very fine for foundation planting or low hedges.

- 18-24 in. plants..... \$3.50 each
- 2-2 1/2 ft. plants..... 6.00 each
- 2 1/2-3 ft. plants..... 9.00 each

HEATHER

Heather is a famous plant in the history and folklore of almost all northern European people. In Europe it is one of the commonest weeds, covering hundreds of square miles of mountain and upland plains with a dense leathery, green growth, breaking into exquisite masses of flowers of the utmost delicacy. Here it is a rock garden plant to be treated with utmost respect. Heather likes sour soil, open sun and a fair share of moisture.

Our stock is all five-year-old plants, full and bushy and has been several times transplanted.

- Calluna alba pumilus**. White.
- Calluna alporti**. Deep rose.
- Calluna aurea**. Golden foliage, white flowers.
- Calluna cuprea**. Lavender pink.
- Calluna hypnoides**. Very dwarf, white.
- Calluna manshosa**. White.
- Calluna rosea**. Pink.
- Calluna rubra**. Dark rose.
- Calluna tenella**. Lavender.
- Calluna verigata**. White.

All varieties, 5-year-old plants, 50c. each, \$5.00 per doz.

SPECIAL INTRODUCTORY OFFER. Illustrated in color on reverse side.

Two Shade-loving Perennials

AJUGA brockbanki. One of the very finest ground covers for a shady place. The rich dark foliage covers large areas quickly and the blue spikes of flowers in May and June make one of the most satisfactory ground covers. 25c. each, \$2.50 per doz.

CHRYSOGNUM virginica. A fine spreading plant with grayish foliage and small yellow, starlike flowers persisting all Summer. Spreads well and will most attractively cover a shady place where other perennials will not grow. 25c. each, \$2.50 per doz.

POTTED Chrysanthemums

We offer this Fall a large assortment of Single and Double Flowering Chrysanthemums, including many fine Korean and Cushion Chrysanthemums. Most of these are growing in 6-in. pots and may be readily moved in full bloom. The plants are large and husky with dozens of blooms.

All varieties are 50c. in pots

CHRYSANTEMUMS

Large-Flowered Varieties

- Indian Summer**. Vivid glowing orange
- Romany**. Glowing red, bronze tone
- R. Marion Hatton**. Early canary yellow
- Vivid**. Rosy crimson.

CHRYSANTEMUMS

Cushion Type

- Bronze Cushion**
- White Cushion**
- Pink Cushion**

Field grown plants:

25c. to 35c. each, depending upon size

- Crimson Splendor**
- Double White**
- Indian Summer**
- Romany**
- R. Marion Hatton**
- White Cushion**
- Pink Cushion**

Bed of Chrysanthemums

Hedge of Taxus Brevifolia edging our nursery on the Saw Mill River Parkway

Ilex Bullata

ILEX—Hollies

Specially priced for Fall planting

The Hollies are our most interesting group of broadleaved evergreens. The many different varieties offer interesting variations in habit of growth, size and color of leaf and size and color of berry.

ILEX bullata (Boxleaf Holly). A low spreading type which is extremely hardy. It retains the brightest green throughout the Winter, is readily trimmed and in many ways is superior to Boxwood. Suitable for foundation planting or may easily be trimmed into a hedge.

- 10-12 in. plants..... \$0.75 each
- 12-15 in. plants..... 1.25 each
- 18-24 in. plants..... \$3.50 each
- 24-30 in. plants..... 5.00 each
- 30-36 in. plants..... \$7.50 each

ILEX crenata (Japanese Holly). Crenata is a rapid growing variety of upright habit. It is entirely informal and makes an excellent evergreen shrub with black berries. We offer choice plants from two to six feet in height.

- 2-3 ft. plants..... \$2.00 each
- 3-4 ft. plants..... 3.75 each

ILEX glabra (Inkberry). A bushy upright Holly of loose informal growth rather rounded in shape. Thrives in full sun or part shade.

- 18-24 in. plants..... \$2.00 each
- 24-30 in. plants..... 3.00 each
- 30-36 in. plants..... 4.00 each

ILEX opaca (American Holly). The well known Christmas Holly with bright red berries. All our plants are labeled and both male and female plants should be planted to insure berrying. Our stock of this beautiful shrub or tree is most extensive and a complete selection is offered. American Hollies, contrary to general belief, are not difficult to transplant and we guarantee these plants to grow where care and attention are given. This special offer is, we believe, the lowest price quoted in the East for comparable plants.

- 2-3 ft. bushy plants..... \$3.00 each
- 3-4 ft. bushy plants..... 4.50 each
- 4-5 ft. bushy plants..... 6.00 each

SPECIAL OFFER

Three plants, 2 female and 1 male plant, 3-4 ft. for \$12.00

Ilex Crenata

Special Fall Offer

1000 HEMLOCKS—50% of regular prices

Big bushy specimens—several times transplanted. Our last Fall's sale of Hemlocks from this same block of trees was sensationaly successful, and hence this offer, which we unqualifiedly recommend as even greater value than ever before.

- 7-8 ft. broad specimens..... \$ 7.50 each, \$ 70.00 per 10
- 8-9 ft. broad specimens..... 8.50 each, 80.00 per 10
- 9-10 ft. broad specimens..... 10.00 each, 90.00 per 10
- 10-11 ft. broad specimens..... 12.00 each, 100.00 per 10

Enkianthus Campanulatus

This lovely, unusual shrub will without artificial shaping, develop into a handsome large shrub well clothed with clean foliage which turns brilliant red in Fall. Bunches of nodding flowers are borne in the whorled branches and these red-veined white cups are quite unlike any other flower.

- 4-5 ft. plants..... \$3.50 each

BERRY-BEARING SHRUBS for Autumn Effects

We highly recommend the following shrubs for Autumn color. The berries and foliage will be as striking as the profusion of blooms in the Spring.

- ARONIA arbutifolia**
- CORAL BERRY**
- CALLICARPA purpurea**
- ELAEAGNUS angustifolia**
- EUONYMUS americanus**
- PHOTINIA villosa**
- SNOWBERRY**
- VIBURNUM dilatatum**
- VIBURNUM opulus**

We have a fine selection of all varieties.

HARDY PHLOX

Select Varieties

Phlox—one of the hardiest and most satisfactory of all perennials—is a leading specialty at Rosedale. We are now growing only the very finest of varieties, selected for true color, sturdy growth, and freedom from disease. We invite your personal selection of our heavy field grown plants.

This list includes no magentas.

Columbia (Plant Patent No. 118). Massive flower heads in great abundance. Lovely cameo pink with taint blue eye. Strong growth with foliage insect-and-disease proof. 50c. each, \$4.00 per doz.

Daily Sketch (New). Extra large trusses and individual flowers. Color light salmon pink with very faint carmine eye. An outstanding variety. (See color on reverse side.) 30c. each, \$3.00 per doz.

Graf Zeppelin. White, with bright red eye; good foliage, large flowers. 50c. each, \$2.50 per doz.

Hauptman Kohl (New). Blood-red blooms on sturdy, medium height stems, with good, clean foliage.

H. B. May (New). The finest pure pink Phlox. Fine heads of extra large flowers. 25c. each, \$2.50 per doz.

Leo Schlageter. A grand new European introduction. Large, pyramidal trusses of bright scarlet with dark crimson eye. 30c. each, \$3.00 per doz.

Miss Lingard. The everblooming white Phlox. Glossy foliage and pure white flowers. 25c. each, \$2.50 per doz.

Mrs. Jenkins. Pure white, late flowering. 25c. each, \$2.50 per doz.

Peonies

Hemerocallis

TEN SPECIAL HEMEROCALLIS

Daylily. A Season of Bloom

These magnificent Daylilies produce consistently, year in and year out, the most flowers per stem of any plant we know. They are absolutely hardy and need practically no care.

We offer 1 each of these 10 fine varieties for \$2.00—an offer we believe is unequalled.

Prepaid delivery.

Aurantia major. 2 1/2 ft. June-July. Orange flowers.

Dr. Regal. 2 ft. May. Orange-yellow. Fragrant.

Florham. 3 ft. June. Rich golden yellow. Fragrant.

Golden Bell. 3 ft. July-Aug. Large apricot orange.

J.A. Crawford. 3 ft. June-July. Large clear gold. 35c.

Kwanso. 3 ft. July-August. Orange double flowers.

Luteola Major. 3 ft. Deep orange-yellow.

Queen of May. 2 1/2 ft. Pale apricot.

Thunbergi. 3 1/2 ft. July-August. Lemon yellow.

W.H. Wyman. 3 1/2 ft. August. Pale yellow. 50c.

25c. each except as noted

A Section of Hemlock Block Offered

Peony Clearance Sale

This Fall we shall sacrifice our entire collection of Peonies which for over 30 years has been nationally famous. We are forced to do so because of lack of space and offer double, single and Japanese varieties, over fifty kinds in all, at one price. Regular prices have been as high as \$10.00 for choice sorts. All undivided clumps of one to three years old. For quick clearance one price, all sizes, all varieties, 50c. each.

No phone or mail orders can be accepted unless our selection of varieties

ROSEDALE NURSERIES
TARRYTOWN, NEW YORK

HOWARD C. TAYLOR, Owner

Telephone, TARRYTOWN 2620

WE RECOMMEND THESE SHRUBS

At Left—
Ilex verticillata
(Winterberry)

This beautiful shrub surpasses all others in berrying habit. Its berries a bright red remain for an extremely long period and contrast to the straight black stems. Fruiting is assured with a selection of Rosedale shrubs as we have grown a large quantity of female plants. Plant this Fall while in berry and be assured of an annual crop.

2 to 3 ft. 60c. each
3 to 4 ft. \$1.00 each, 10 for \$9.00
4 to 5 ft. \$1.50 each, 10 for \$12.00
Plant both male and female plants.

At Right—
Ilex opaca
(American Holly)

The well known Christmas Holly with bright red berries. American Hollies, contrary to general belief are not difficult to transplant. This special offer is we believe, the lowest price quoted in the East for comparable plants.

2 to 3 ft., bushy plants \$3.00 each
3 to 4 ft., bushy plants \$4.50 each
4 to 5 ft., bushy plants \$6.00 each
Special Offer—Three plants, 2 female and 1 male, 3 to 4 ft., for \$12.00

Buddleia, Ile de France

The most prolific Butterflybush. Large flowers of deep purple. Much improved over old-fashioned Buddleias. Growth is neat and of medium size.

2 year plants 60c.
3 year plants 75c.

At Left—
Hydrangea petrolaris
(Climbing Hydrangea)

One of the finest and most artistic vines in existence and extremely rare. Foliage large and bold, it clings to wall or other support. Flowers in large, flat clusters, very showy and fragrant. We offer very large plants of vigorous growth in heavy pots, at \$1.50 each. This is a slow vine to start and you will want to plant these large vines.

At Right—
Pyracantha coccinea lalandi
(Firethorn)

Laland's Firethorn will develop into a 10-foot specimen, shaped like an inverted cone. The long, slender branches are punctuated with stubby laterals which bear generous bunches of orange berries. May be easily trained on a wall or used as an individual shrub. Spectacular in the Fall.

2 to 3 ft. plants \$2.50
3 to 4 ft. plants \$3.50
4 to 5 ft. plants \$5.00

PERENNIALS

Veronica, Blue Spire

A new addition to the blue Summer-flowering Veronicas. It is a cross between Veronica Longifolia Subsessilis and Veronica Spicata. It has retained the dark foliage and the deep rich color of the Subsessilis with the bushy habit of the Spicata. Grows about 2 feet.

35c. each, \$3.50 per dozen

Above—

Phlox, Daily Sketch

Extra large trusses and individual flowers. Color is light salmon-pink with very faint carmine eye. An outstanding variety.

30c. each, \$3.00 per dozen

At Right—

Delphinium, Blue Grotto

A dark blue form which is much preferred for its uniform, deep color. A splendid grower.

We highly recommend it.

30c. each, \$3.00 per dozen

Above—

Linum perenne, Blue Flax

An attractive perennial both as to flower and foliage. Flowers are beautiful pale blue and has attractive gray foliage. Blooms all Summer.

25c. each, \$2.50 per dozen

At Right—

Aquilegia longissima

Noted for its unusually long, slender spurs, 4 to 5 inches long, giving the pale yellow flowers an exceptionally graceful effect. Coming from Northern Mexico it is able to withstand heat and dry weather. Does well in hot, dry places in the garden. June flowering. Height 18 inches.

35c. each, \$3.50 per dozen

PERENNIALS

Aquilegia longissima

Gypsophila, Rosenschleier

At Left—

GYP SOPHILA

Rosenschleier

(Pink)

A new dwarf pink, double-flowering Gypsophila. Established plants reach a height of 2 feet and are in bloom throughout the Summer and Fall. Particularly valuable for cutting. The foliage is graceful and fine blue-green.

30c. each
\$3.00 per dozen

At Right—

HEATHER

Heather is a famous plant in the history and folklore of almost all Northern European people. In Europe it is one of the commonest weeds, covering hundreds of square miles of mountain and upland plains with a dense, feathery, green growth, breaking into exquisite masses of flowers of the utmost delicacy. Here it is a rock-garden plant to be treated with utmost respect. Heather likes sour soil, open sun and a fair share of moisture.
